### CREDIT TRANSFER

1 Stop Driving School will recognise the AQF VET qualifications and VET statements of Attainment issued by any other RTO. Credit Transfer is available for students who have previously completed units provided the units are relevant to the qualification the student is enrolling in and can be identified as a current or equivalent unit of competency.

**RPL** - Recognition of Prior Learning is a process where people are provided with an opportunity to have their skills and knowledge assessed that they have developed outside the formal education system for example: life experience, informal training or work experience. The process involves the student providing physical evidence of their experiences that correlate with the unit of competency, you will then need to partake in an interview with the RPL assessor to ascertain that sufficient evidence has been provided. Students are required to complete a RPL application and will be advised of the cost prior to enrolment. If it is the student's intention to apply for RPL, they must advise administration prior to enrolment.

High Risk Licensing units, students are still required to complete all assessments and provide documentation that demonstrates they have completed the content of the course that you are seeking recognition for.

Heavy Vehicle Competency Based Assessment (HVCBA) applicants that wish to undertake recognition of prior learning can sit a competency test (CT) only to achieve the award of a Certificate of Competence. CT is conducted under a test environment where training and instruction is not permitted. CT is only available for classes LR, MR & HR.

RPL is not offered on some of our courses due to the short nature. RPL process may still require the completion of a practical or knowledge assessment. Please contact administration for further information.

### STUDENT / CLIENT FEEDBACK

As an RTO we are obliged to provide our regulatory bodies with evidence of continuous improvement, which we ask for your assistance with. On the completion of training you will be provided with a learner questionnaire and we want to know how you evaluate your training experience. This provides us with the opportunity to improve our services to our clients and students, we value your opinion and welcome your positive or negative comments. Your feedback forms remain anonymous and confidential. On occasion we will also forward a questionnaire to employers, so please let them know how your training went and if the training has provided you with a new outlook or awareness at work.

## NEED TO KNOW

### UNIQUE STUDENT IDENTIFIER - USI

From the 1st of January 2015 if you are undertaking nationally recognised training delivered by a registered training organisation it is mandatory to have a Unique Student Identifier (USI). A USI gives you access to your online USI account which will contain all your nationally recognised training records from 1/1/2015 onwards. When applying for a job you will often need to provide your training records and results. One of the main benefits of the USI is that you will have easy access to your training records and results throughout your life.

As the USI is a legislative requirement, all students must have a USI to be able to obtain a Statement of Attainment or Certificate for the training they have successfully completed.

You can create your own USI number through the USI website: [www.usi.gov.au](http://www.usi.gov.au) alternatively 1 Stop Driving School can create one on your behalf with your written permission. Contact our administration staff for further information.

### COURSE INFORMATION

1 Stop Driving School course information is available from administration, please request a course information sheet or our course guide book. Information is also available on our website [www.1stopdrivingschool.com.au](http://www.1stopdrivingschool.com.au). The information provided will assist you in making a decision regarding the training options available to you. Some courses require you to complete pre training study or study outside of class hours, all requirements are detailed in the course information that will be provided to you at the point of enquiry.

### EVIDENCE OF IDENTITY

All training courses require evidence of identity which may include 1 form of photo identification, further information on all evidence of identity requirements can be found on the course information sheet. Please ensure you bring your identification with you on the first day of training, failure to do so may lead to not being able to continue on the course. If you do not have photo identification please contact our office and we will advise you of your options.

### WHAT TO WEAR

Course information sheets will provide full details of any specific PPE requirements there may be. Generally all PPE is supplied on the day of training, however some courses do require you to bring with you safety boots which we do not supply. Wear comfortable and practical clothing and enclosed footwear. You will be expected to wear a High Vis Jacket during all practical training.

### BE ON TIME

It is expected all students arrive for training at least 10-15 minutes before the scheduled training time, this will allow you time to complete pre-course documentation, address any questions you may have and settle in.

## GOVERNMENT SUBSIDISED TRAINING

The Victorian Training Guarantee is making vocational education and training more accessible to people who do not hold a post-school qualification, or who want to gain a higher level qualification than they already hold. Government-subsidised training places are available to people who meet the specific eligibility criteria. The training course or full qualification must commence after 01/01/2019 and be completed by 31/12/2019.

Enrolment into VTG government subsidised training may impact a student's further access to government subsidised training, for example: a maximum of 2 government subsidised courses can be undertaken in a calendar year or a maximum of 2 government subsidised courses at the same level (i.e. Certificate III) can be undertaken in a lifetime.

All students wishing to enrol in subsidised training, meeting the eligibility criteria will be provided, prior to enrolment, a statement of fees outlining any costs associated with the course. Fee structures are also available on our website.

Please contact our office and we will assist you with determining your eligibility for funding. Alternatively you can check your eligibility at the [Victorian Skills Gateway Eligibility Indicator](#),

### **ENROLMENT PROCEDURE**

Enrolment and admission into some training courses is subject to meeting certain pre-requisite conditions and / or entry requirements. Specific details of the pre-requisites pertaining to these training programs are contained in course information and are made available prior to enrolment. In the case that a potential candidate does not meet the pre-requisite conditions and / or entry requirements, 1 Stop Driving School staff will provide information to assist them obtaining the pre-requisite or entry requirements. Age restrictions are applicable to some courses.

The enrolment procedure commences when a candidate contacts 1 Stop Driving School expressing interest in a training program/s. 1 Stop Driving School staff will respond by sending a pre-enrolment booking form, course information, student handbook and any other relevant documentation to the candidate. Eligibility for funded training will be determined and the applicant advised. The applicant may choose to enrol as a fee for service client or, if eligible, a funded client.

Administration then provide candidates with enrolment documentation for the relevant training program/s.

On the first day of training, all candidates will partake in a housekeeping activity which will induct them to the site rules and regulations and the participant's rights and responsibilities and OHS/WHS requirements.

## YOUR RIGHTS & RESPONSIBILITIES

### **ACCESS & EQUITY, and SUPPORT SERVICES**

Access refers to the ability to enter training courses. Equity in this context means equality of access to, and potentially equal outcomes from training regardless of the individual's circumstances, background and identity.

Equity is not about treating everyone the same. It is about ensuring that all people and all groups of people participate, have the opportunity to reach their potential, make choices and receive responsive and appropriate products and services. In other words, the destination for all learners is the same but the journey may be different. 1 Stop Driving School will fulfil its legal and moral duty to the rights and beliefs of course participants and ensure staff and contractors to:

- Promote access to training for all people regardless of age, race, gender, sexual orientation, disability, language, literacy and numeracy skill level, socioeconomic background, ethnic origin, unemployment or remote location.

- Provide reasonable and practical access to learners of all levels.
- Offer language, literacy and numeracy advice and assistance that can help achieve participants training goals.

- Request verbal clarification on assessments where applicable

1 Stop Driving School will endeavour to provide assistance to candidates having difficulty with language, literacy or numeracy to accommodate their needs. In the event that a candidate's needs exceed the ability of 1 Stop Driving School staff to assist, the candidate will be referred to an external support agency so they have the opportunity to obtain the skills required to complete the training program.

### **LLN—LEARNING LITERACY & NUMERACY**

NOTE: To establish and meet the needs of individual students, 1 Stop Driving School requests all course participants to engage in a Language Literacy and Numeracy skills check (LLN). This is not a test: it is solely to ascertain your capabilities and provide the trainer with the information to identify what areas may require assistance. Participants are encouraged to approach their trainer and discuss any concerns that they may have. All results are treated with confidentiality.

## YOUR RIGHTS & RESPONSIBILITIES

Complaints will require discussions and actions to take place to resolve the issue. All complaints will be dealt with in accordance with the principles of natural justice and procedural fairness.

Individuals wishing to lodge a complaint or an appeal can contact administration for more information, alternatively the form can be download from our website. On receipt, 1 Stop Driving School's CEO will contact the individual and organise an appropriate time to discuss their concerns. Throughout all stages of this procedure the individual will be kept abreast of all decisions and eventual outcomes or proposals. If a problem is identified with the assessment process, there may be an opportunity for reassessment to be conducted by another assessor. All complaints or appeals will be handled expediently and are considered confidential. Should it be determined that the complaint may take over 60 calendar days to process and finalise written notification and regular updates will be given. If the complaint cannot be resolved within this process, an independent mediator will be appointed to assist with a resolution.

If you feel your complaint has not been fairly dealt with by 1 Stop Driving School, you can lodge a Formal complaint with Australian Skills Quality Authority (ASQA) <http://www.asqa.gov.au/complaints/making-a-complaint.html>, however all avenues for resolution must be utilised first.

Where appropriate, reasonable adjustments are applied by the RTO to take into account the individual learner's needs. The RTO informs the learner about the assessment process, and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary.

**Flexibility:** Assessment is flexible to the individual learner by:

- reflecting the learner's needs;
- assessing competencies held by the learner no matter how or where they have been acquired; and
- drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.

**Validity:** Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner, this requires;

- assessment against the unit/s of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance;
- assessment of knowledge and skills is integrated with their practical application;
- assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and
- judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessment requirements.

**Reliability:** Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.

## TRAINING & ASSESSMENT

### RULES OF EVIDENCE

**Validity :** The assessor is assured that the learner has the skills, knowledge and attributes as described in the module or unit of competency and associated assessment requirements.

**Sufficiency:** The assessor is assured that the quality, quantity and relevance of the assessment evidence enables a judgment to be made of a learner's competency.

**Authenticity:** The assessor is assured that the evidence presented for assessment is the learner's own work.

**Currency:** The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

### COMPETENCY BASED TRAINING & ASSESSMENT

**CBT**—Competency Based Training focuses on skill development which is relative to the needs of industry and the workplace.

**CBA**—Competency Based Assessment is the process of collecting evidence of skills and knowledge that can be applied in the workplace and making a judgement on an individual's competency. You will be trained and assessed in accordance with the relevant training package and endorsed unit of competency.

Assessments are conducted at the completion of training and will at a minimum include knowledge (written) and practical components and may include calculations component depending on the course enrolled in.

### LICENSING COURSES

Licensing courses such as heavy vehicle or high risk licensing have specific regulations and requirements that must also be adhered to, which may involve pre-testing or 100% accuracy on critical components.

Students who are deemed Not Yet Competent (NYC) on the completion of their assessment will be provided feedback and advised of their options for reassessment. For example High Risk Licensing assessments cannot be reassessed for minimum of 48 hours. Students can be provided with additional training prior to reassessment.

Students may appeal the NYC assessment decision: to do so you will need to complete an appeal form available from administration or our website.
